

To the love of my life

From the very first moment you smiled at me kwa video call 🥰, I knew my life was about to change. You've brought warmth into places I never knew were cold. Your laughter is my favorite sound, and your presence is my safest place 🥰❤️.

You're not just beautiful — you're soft-hearted, funny, smart, and endlessly kind. Every day, I thank the universe that out of 8 billion people, I get to call you mine ❤️🌟.

I know I can't wrap up everything I feel in one letter... but please know this:

I am proud of you. I believe in you. I cherish you ❤️. And I will always choose you.

Thank you for letting me love you. I promise to never stop 100❤️.

I love you with all
my heart.
